

THE TRULL TRIBUTE

Kindness, Respect, Forgiveness

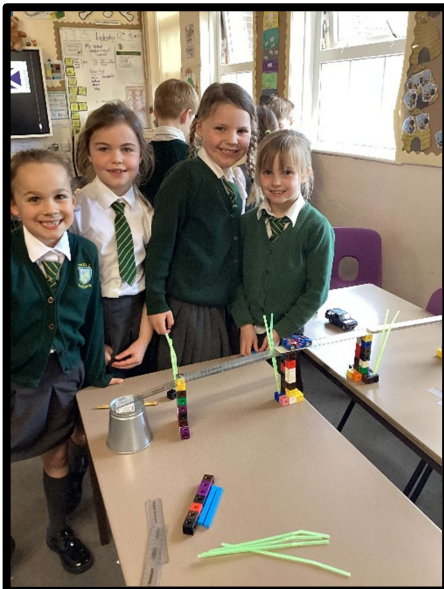

ISSUE 2 DATE: APRIL 2025

STE(A)M WEEK WAS A WESOME

Trull School had an amazing week full of learning and STE(A)M. STE(A)M stands for Science, Technology, Engineering, Art and Mathematics.

On the first Monday, we had an amazing visitor who showed us how to aim high, persevere, make our world a better place and how rockets work. It was marvellous!

That morning, we had an amazing assembly and, afterwards, the children got to make their own rockets which they launched into the sky later that afternoon. At the end of the day, they went out onto the playground and watched Nick (from Steam Co.) launch his dynamite-powered rocket into the sky and it landed with its mini-parachute. It landed in a tree!

During the week, each class has taken part in lessons that have been linked to STE(A)M ideas. These activities have included bridge building, computer-aided-design, science experiments and art projects! It was really nice to do something different to a normal school week!

We have also had lots of visitors including: a doctor, a radiotherapist, an anaesthetist, a nutritionist and a parent who started their own company. All of these visitors were either ex-

pupils, parents or members of our school community – how inspiring for our current group of children.

This year's World Book Day started with an amazing assembly about the book – *The Cat, The Dog, Little Red, The Exploding Eggs and Grandma's Wardrobe*. Well done to the Yew class children who took part in the performance. The children and staff also got dressed up as their favourite book characters or came to school in their pyjamas. The reading ambassadors rang the Reading Bell randomly throughout the day and everyone had to stop whatever they were

doing and read their books quietly – even if they were in the middle of a PE lesson!

On Friday 7th February, Trull School were fortunate enough to hold a school disco for both Key Stage 1 and 2. All of the pupils would like to say a big thank you to all of the parents, volunteers and staff who stayed to supervise and make sure they could have fun whilst staying safe.

MRS SPILLER

Mrs Spiller was interviewed by the News Team. They found out lots about her! Did you know that Mrs Spiller loves Forest Church because it is a nice time for reflection - and to learn more about the children that she does not teach.

When Mrs Spiller is not at school, she loves mountain biking. Sometimes you might see her cycling around the village.

Mrs Spiller (also known as Miss Honey) loves reading. She is also a keen bee-keeper. Not only does she produce her own honey, but she also makes hand-cream and lip-balm from some of her bee honey.

Mrs Spiller's favourite piece of punctuation is a question mark because she loves a mystery and a cliff-hanger. Her favourite

book is Adventures of the Little Wooden Horse because she says it is astonishing how many adventures a wooden horse can go on! She also loves crisps. Other members of the Trull Primary Team know this, and Mrs McAndrew has been known to share her crisps if Mrs Spiller has forgotten hers!

KINGS SCHOOL MATHS CHALLENGE

Scientific evidence states that there are future mathematicians in Year 6! A selection of Yew Class mathematicians were chosen to go to Kings' College and take part in a maths competition. Trull Primary School is proud to announce that one of the teams we entered won the whole

competition! Well done to Olly G, Cooper, Olly M and Teddy!

ESAFETY

As it is in the National news at the moment, our ICT specialist, Mrs Bowler, has shared some advice about eSafety for Primary School Children.

Although Mrs Bowler has social media herself (mainly for looking up recipes and dog pictures!), her advice to school children would be that using any electrical devices should be limited to an hour maximum without having a break. As for social media, Mrs Bowler thinks that 16 years old is a good age as you are moving on from secondary school. You could use social media to keep in touch with people you have been to school with!

Using technology safely is a very important part of education and the future. But it is also important to take a break from technology as well.

FOREST SCHOOL

The wonderful Miss Guildford loves Forest School because it is a safe space for children and gives them all a chance of succeeding, that is why she does activities that everyone can achieve and be celebrated for.

THIS TERM'S
ATTENDANCE AWARD
HAS BEEN WON BY:

MAPLE

THE TRULL TRIBUTE

Kindness, Respect, Forgiveness

ISSUE 2 DATE: APRIL 2025

Miss Guildford always thinks by the end, they all look unique there is space for improvement in and fabulous.

Outside of school, Miss Guildford likes to go walking with her dogs and exploring new places. Her favourite weather for forest school is cold, crisp and dry because she does not like it when it gets too hot.

Art Club is another favourite part of Miss Guildford's week. Her favourite medium of Art is clay – especially making clay leaves. She loves that everyone starts from the same point but,

songs beautifully in front of a huge crowd of parents and students from five other schools.

CASTLE COMMUNITY CONCERT

EVA'S BOOK RECOMMENDATIONS

On Wednesday 2nd April, our choir, orchestra and Year 4 brass group were invited to Castle School for a concert. They had a brilliant time and performed their

Key Stage 1: A Squash and a Squeeze, Rabbit and Bear, Isadora Moon,

Lower Key Stage 2: Front Desk, Libby and the Parisian Puzzle, Tilly and the Book Wanderers, The Last Bear

Upper Key Stage 2: I Am Malala, Lottie Brooks, Diary of Anne Frank.

As soon as the Summer term starts – **Tuesday 22nd April** – we will be starting our Trull 150 Year Celebrations with a service in the church on **Wednesday 23rd April**. Other important dates include Friday 20th June for an open afternoon and Saturday 21st June for a super special Summer fete!
